

#Germfest Live

https://www.youtube.com/channel/UCuXFAkF_OWnLEB9XzBUR7HA/featured

This is the programme for the day...

9:30 Join Pharmacists Jonathan Laird and Alastair Paterson starting the day off explaining what antibiotics are as well as careers in the NHS, mental health and self-care.

10:00 Thorrún Govind is a Community Pharmacist and along with help from her panda friend she answers your questions on her job as well as explaining why we need to wash our hands and keep everything clean.

11:05 Get your vocal chords ready to sing all about washing your hands with Primary School teacher Sharon Durant.

11:30 Join teacher (and ex Biomedical Scientist) Paul Tyler talking about Antibiotic resistance.

2:00pm Isabel Patterson from Arcinova shows you round the pharmaceutical site and talks about her work on using chemicals to create medicines. A chance to get a sneak peak into the inner workings of a major pharmaceutical company!

2:15pm Join science presenter and YouTuber Steve Mould as he explains (simply) for children (and politicians!) what a virus is.

2:30pm With a truly international feel, I'Ah Donovan Banfield, a researcher from Australia talks about being bullied at school, her career and how she is part of the fight against viruses using bacteria as her weapons! A truly inspiring session!
